FORKLIFT OPERATOR SAFETY TRAINING

Keep your employees from injury and your business compliant with OSHA standards by training forklift operators in the safe and proper handling of lift trucks. A training seminar lasting approximately 3-4 hours consists of an up-to-date safety video complete with handbooks, a review of each section covered and a written test along with an actual hands-on demonstration at your location. All employees completing the seminar will receive a certificate and operator's license. Contact the Training for Business and Industry Center at (205) 391-2434 to schedule a training session for your company.

FOCUSED INDUSTRY TRAINING (FIT)

The FIT program has been developed in response to the need to supply an ongoing worker pool to new and expanding industry as well as to respond to the need to back fill entry-level positions that have been vacated through technical training. FIT training will be offered in 10 sites and will be available in the following counties: Tuscaloosa, Pickens, Fayette, Bibb, Hale, Green, Sumter, and Marengo.

The FIT program is designed to provide basic skills to entry-level workers at all levels. Targeted instruction includes skill training in Computer Literacy, Reading, Applied Mathematics, Applied Technology, Locating Information, Observation, and Teamwork. Workplace Essentials includes sessions on following topics: Work Ethics, Critical Thinking Skills, Diversity, Sexual Harassment, Workplace Violence, and Workplace Safety. Training also includes basic manufacturing concepts including precision measurement, principles of Quality Manufacturing, and Lean Manufacturing, with additional skill training added as identified by local business and industry as necessary for entry level jobs within their companies. The 400 hour training will be provided in some areas as an evening class and does not require a high school diploma or GED and will allow trainees maximum flexibility in attaining required competency levels. After acquisition of all required skill competencies and completion of classroom time, trainees will receive documentation from Shelton State Community College as a "Certified Alabama Worker." Completers will receive continued support through job placement and continued career progression and ongoing training opportunities.

PRE-COLLEGE BALLET PROGRAM

The Pre-College Ballet Program places children in classes on the basis of their level of experience and ability. Although age is a consideration, ages are given only to provide a rough guide as to placement. The program maintains affiliation with the American Academy of Ballet. Each class level has a specific uniform. The instructor, following class placement, will provide uniform information. The summer program is slightly different from the fall and spring, so please notice the times and group combinations carefully. Classes will be held in June and July and all participants are encouraged to register for both sessions with one payment.
